Use this coupon for

10% OFF

Buy your team's uniforms from Midwest and save 10% off in-store regular priced equipment and 20% off in-store regular priced apparel and shoes. *Good all season!*

Choosing the Perfect Uniform for Your Team

You will meet with a Midwest Sporting Goods team counter representative to discuss your uniform options.

We have designed this flyer from our best selling styles which includes:

- Stock Uniforms
- Midwest Custom Uniforms
- Sublimated Uniforms

Sizing Your Uniforms:

Once you have picked out your desired uniform styles the next step is to size your players.

You have the option of scheduling a sizing at either Midwest location. You will set a time and date with your sales rep to come into our store with your team and size your players in the store.

The other option is to check out a sizing kit (sizing kit may include different colors than your desired uniform and may not have every size available) which you can take to a team meeting or practice and size your players and coaches at that time.

To checkout a sizing kit you will place a \$75 credit card deposit which will be returned to that card when sizing kit is checked in complete with your sales rep.

Communicating Between Midwest and Team Rep:

- Each team will be required to designate one person as the Team Rep. The Team Rep will be the person who all communication is filtered through from the Midwest sales rep to your team.
- The line of communication through the Team Rep is vital to the speed of the uniform ordering process and the consistency and accuracy of information given to the team.
- The reason Midwest requires each team to have one Team Rep is to make communication streamlined and efficient. Each Midwest sales rep could have up to 100 or more orders at any given time during the season. If multiple parents/coaches are calling/emailing regarding the same order, the result is the sales rep is spending a vast majority of his/her time returning phone calls and emails repeating the same information time and time again as opposed to working on finalizing your team's order.

Order Turn-In/Deposit:

Once sizing is complete, your team rep will meet with his/her sales rep to discuss order details including items, sizes, colors, and decoration.

To place your order a deposit of half of the total order will be due at this time to process the order.

Delivery of Order:

Delivery time of your order will vary depending on what items your team has chosen.

- Stock Decorated Items – 15 to 20 business days
- Custom Decorated Items – 20 to 25 business days
- Sublimated Items – 15 to 20 business days (rush fee of 25% for 14 business day delivery)
- Most decorated hats will take approximately 20 business days

These delivery times are estimates and can vary at certain times of year due to volume and mfg back orders.

Picking Up Your Order

The Midwest sales rep will contact you upon completion of your team's order.

Balance payment will be due at the time of uniform pickup. Full balance payment will be due for partial or complete order pick ups.

Artwork:

- All stock artwork (including in flyer) is included in the price of each jersey and the custom built uniforms.
- Any artwork that is not in the baseball flyer is considered custom and carries a flat \$50 fee. Custom artwork will add 5 to 7 business days to the completion date of any team order.
- Any custom art must be approved by the Team Rep before any items on your team's order can be decorated.
- Artwork fee = \$50 Embroidery digitizing fee = \$50

The graphics below illustrate different qualities of artwork. A JPEG or GIF file is low resolution and will result in blurry print. Midwest will create high resolution graphics resulting in a sharp print.

JPEG or
GIF File

Midwest
Artwork

Add-Ons:

- Add-ons or changes can only be made in the first 24 hours after deposit has been placed.
- Any add-on item or change made after the first 24 hours after the deposit is taken will be considered a separate order and will be subject to minimum order fees, screenprint setup charges, and/or embroidery setup charges.
- All add-on orders must be paid in full to process the order.

Returns/Exchanges:

- Stock items that are NOT decorated can be returned within 30 days unwashed, unworn, undecorated, in original packaging. Refunds will be given in the same form in which it was paid. Credit card transactions will be refunded to the card used on original purchase. Cash transactions will be returned and issued in a check form. Check may take up to 7 to 10 business days to clear before they can be refunded in check form.
- All non-stock special ordered items may be subject to a 25% restocking fee.
- All decorated/custom items are nonrefundable and cannot be exchanged.

*Team Representative will initial this section. By initialing, you agree to the terms and conditions of the team uniform ordering process.

**When you look good, you feel good and
when you feel good, you play good!**
